

DOC (Difficulty of Care) Assessment

Presenter: Noreen K-M

A DOC assessment must be addressed for each child who is placed in a licensed family foster home or group family foster home. The DOC Assessment records the child's level of care difficulty. Based on the child's age and DOC total points, a daily provider payment rate is determined.

Action ▼				

Assessment date- select the date the assessment for DOC is completed.

Effective date- select the date the DOC payment rate is effective.

Assessor- select a worker from the drop-down list of workers entered in Administration.

DOC level- select a level. A point range displays for each level.

DOC points- select the total points for DOC. Based on the points selected, a DOC payment rate is determined.

Comments- alphanumeric entry field to enter supporting text about the basis for the selected points.

Note: The DOC Assessment Schedule includes the factor list for each level and is available at CountyLink, select Forms and Documents, eDocs onLine, search for Difficulty of Care.
